

ALUMNI RELATIONS AND OUTREACH CELL

SHAHEED SUKHDEV COLLEGE OF BUSINESS STUDIES

EVENT REPORT

BACKGROUND

In line with the activities of AROC, which aims to bridge the gap between alumni and students while fostering meaningful connections and learning opportunities, the cell organized an insightful session on **Careers in Financial Risk Management and Quantitative Finance** featuring **Mr. Aman Kedia**, a distinguished Alumni who is a Senior Associate at J.P Morgan, London. The event provided a great opportunity for students to explore this specialized area, gain insights into risk management strategies, and learn more about the mathematical and analytical frameworks that drive decision-making in finance. This initiative represents AROC's efforts to equip students with the necessary knowledge and exposure to various fields helping to determine their interests and prepare them for the future.

EVENT SUMMARY

1. Carrer Insights

The session on **Careers in Financial Risk Management and Quantitative Finance**, organized by the Alumni Relations and Outreach Cell (AROC), was an engaging and informative experience for students across all years. Led by Aman, an alumnus of SSCBS, the session highlighted the growing significance of quantitative finance and the essential skills required for success, such as analytical thinking, technical proficiency, and industry awareness. Aman shared practical advice on maximizing opportunities during college and building a strong foundation for a career in financial risk management.

2. Personal Stories

In addition to technical insights, Aman discussed his personal journey, including challenges and dilemmas faced in the corporate world. He offered valuable advice on navigating professional and personal challenges, making the session relatable and

interactive. His candid sharing of life experiences and practical tips added depth, fostering a strong connection with the audience.

3. Interactive Guidance

The interactive **Q&A segment** allowed students to seek guidance on career paths, skill-building, and managing corporate pressures. Aman's thoughtful responses provided actionable steps for aspiring finance professionals, making the session a well-rounded learning experience. It offered students a clearer understanding of financial risk management and quantitative finance, emphasizing the importance of preparation and adaptability for success in these fields.

PARTICIPANT DETAILS

The session witnessed active participation from 130+ students majorly from 2nd and 3rd year BBA(FIA) students and also from 1st years and BMS students. The students were well-engaged throughout the session asking questions and seeking insights. This interaction highlighted the students' keen interest in learning from the experiences shared during the session.
